Good morning Brent,

I can confirm that CSR has completed the fourth well and can be considered plugged.

Thank you,
Tom

Good morning Brent,

The Third well Dale #9 (081-60238) was plugged successfully, has been cut, and plated.

Thank you,
Tom

Hi Tom – We understand that CSR has completed the third well (OG-GC-04) and it moving on to the fourth well (OG-GC-05). While it is not in our way, please confirm when this well is considered completed.

Thanks,
Brent

Good Afternoon Brent,

The well is plugged – Shawn Murphy just spoke with John Ethridge (CSR) – The well will be cut, plated and buried today 4/7/25. He said he should have all the scrap metal removed by tomorrow at the latest.

Thanks,
Tom

Hi Tom - We understand that CSR will likely be completing the second well (OGGA01) shortly. Similar to last time, please advise when this well is considered completed, which would allow RECON to reopen the haul road.

Thanks,
Brent

Good morning Brent,

You may begin reclamation as early as Friday 3/28/25, if you have any questions please feel free to reach out to Mr. Murphy or myself, thank you for your patience.

Thank you,
Tom

Thanks Jason – I thought I had copied Jamie on the email but inadvertently left him off.

Jamie/Tom – Please let me know if you agree with the plugging report completion notice and final restoration report noted below.

Regards,
Brent

Brent,

Please coordinate with Tom Huffman and Jamie Judge what they would like. I am figuring they will need to know the plugging report is complete and complete a final restoration report for the well to show our contractor has completed the work required to the satisfaction of the Division.

Have a wonderful day,

Jason R. Jones, E.I.

Subject: Satralloy Well Plugging Services - Update

Good Afternoon Jason – We understand that CSR is just about done with plugging the first well (OG Well 2), which is great news. As the remedial action contractor (RECON) is anxious to backfill material in this area, what can we expect from ODNR to confirm that the well has been plugged and work may proceed on in this area?

Please let me know or let me know if you would like to further discuss.

Best Regards,

Brent
