Barb

Well that's curious. I have never seen such a response from the Corps before.

I will discuss with others here to see if anyone else has been through this process. I suspect that we can re-open it simply by completing and returning the response materials that we've been assembling, probably with some additional language addressing the withdrawal letter.

And in that regard: Shane and I discussed the response package late last week, and he had a few useful suggestions that we've incorporated. I have not received any comments from other attorneys (Stan or Sabrina). Should I proceed without them, or re-solicit comments or approval.

Thanks.

Hi Barb,

I wanted to thank you for a great meeting last week. I found it very useful for myself and the staff here at SEDO. I am hopeful that this type of meeting and dialog will continue throughout this project. I am forwarding you recent information about your

401/404 permit request. Please let me know if you have any questions. I hope you are having a good day. It is snowing here. Winter has returned.

Maggie,

Attached is a copy of a permit withdrawal letter for the above project for your information. If you have any questions, please contact Ty Bintrim.

Thanks,

Erin
